SHAIK MOHAMED FAHAD T

Software Developer | Python Developer

Chennai, Tamil Nadu 600042 | +91 73736 75313 | fahadguy8@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Software Developer with hands-on experience designing application workflows, screens, and processes, alongside Python development for APIs, automation tools, and secure communication systems. Comfortable working across design and development to turn planned workflows into working software. Skilled in problem-solving, quick to learn new technologies, and effective in fast-paced development environments.

SKILLS

Programming Languages: Python, Dart

Web Development: React, Next.js, Flask (API Development)

Mobile Development: Flutter

Application Design: Workflow Design, Screen/Page Design, Process Mapping

Tools & Version Control: Git, GitHub

Database Management: SQL, MySQL, PostgreSQL

Cloud Platform: AWS

Professional Skills: Client Management, Leadership, Team Collaboration

WORK EXPERIENCE

Senior Software Developer - Nexudo Tech Solutions Sep 2025 - Present

Currently serving notice period

- Designed application workflows, page/screen layouts, and process flows for software products.
- Contributed to application development using Python and Flask, translating designs into working functionality and APIs.
- Collaborated across design and development functions to ensure workflows were implemented as planned.

Freelance Full-Stack Developer 2023 - 2025

- Designed and developed the official website for Photazo.in, a real estate company, using React, Next.js, and PostgreSQL.
- Designed and developed the official website for Lifefinetechnology.com, a water tech company, using React, Next.js, and PostgreSQL.
- Designed and developed the official website for Aayisha Collection using React and Next.js.
- Handled complete project delivery independently, including coding, UI/UX design, and client coordination.

PROJECTS

All projects below were developed at Nexudo Tech Solutions for the respective clients.

E-Commerce Mobile Application - Aayisha Collection (Flutter, Dart)

- Designed the complete application, including database schema, mobile app structure, and admin dashboard website.
- Designed screen layouts and workflows for product browsing, cart, checkout, and integrated payment processing.

Pest Control Management Software - Speed Eagle Pest Control LLC

- Designed the database schema and application structure for managing customer accounts, service scheduling, and technician assignments.
- Designed screen layouts and workflows for booking pest control services, tracking job status, and generating service reports.

Course Selling Platform - Vibezon Academy

- Designed the database schema and application structure for course catalog, enrollment, and payment handling.
- Designed screen layouts and workflows for course browsing, checkout, and student dashboard access.

Logistics Management System - Miles Away Cargo Private Limited

- Designed the database schema and application structure for shipment records, vehicle assignment, and cargo tracking.
- Designed screen layouts and workflows for dispatch management, real-time shipment status, and delivery confirmation.

Subscription-Based Food Delivery Management System

- Designed the database schema and application structure for subscription plans, recurring orders, and delivery scheduling.
- Designed screen layouts and workflows for subscription sign-up, meal customization, and delivery tracking.

EDUCATION

B.E. Computer Science - M.I.E.T. Engineering College Jun 2020 – Apr 2024
CGPA: 7.30

12th Grade - Sairam Matric Hr. Sec. School Jun 2019 – Mar 2020
Percentage: 63.5%

CERTIFICATIONS

- .NET Using C# Language - Ameya Cloud (May 2022)
- RDBMS Using MySQL - GFS India (Sep 2022)
- DevOps on AWS - M.I.E.T. Engineering College (Mar 2023)

ACHIEVEMENTS & AWARDS

- 1st Prize, Code Battle - Technoholix'23 National Level Technical Symposium, NPR College of Engineering & Technology, Dindigul (Feb 2023)
- 1st Place, Miniathon - Arcane 2K23 National Level Technical Symposium, B.S. Abdul Rahman Crescent Institute of Science and Technology, Chennai (Sep 2023)
- 2nd Place, Zoom in Zoom out - Analytiixfest2k23 State Level Technical Symposium, Bishop Heber College, Tiruchirappalli (Feb 2023)
